BULLETIN: IDENTIFICATION OF SINGLE-USER TOILET FACILITIES AS ALL-GENDER: FREQUENTLY ASKED QUESTIONS

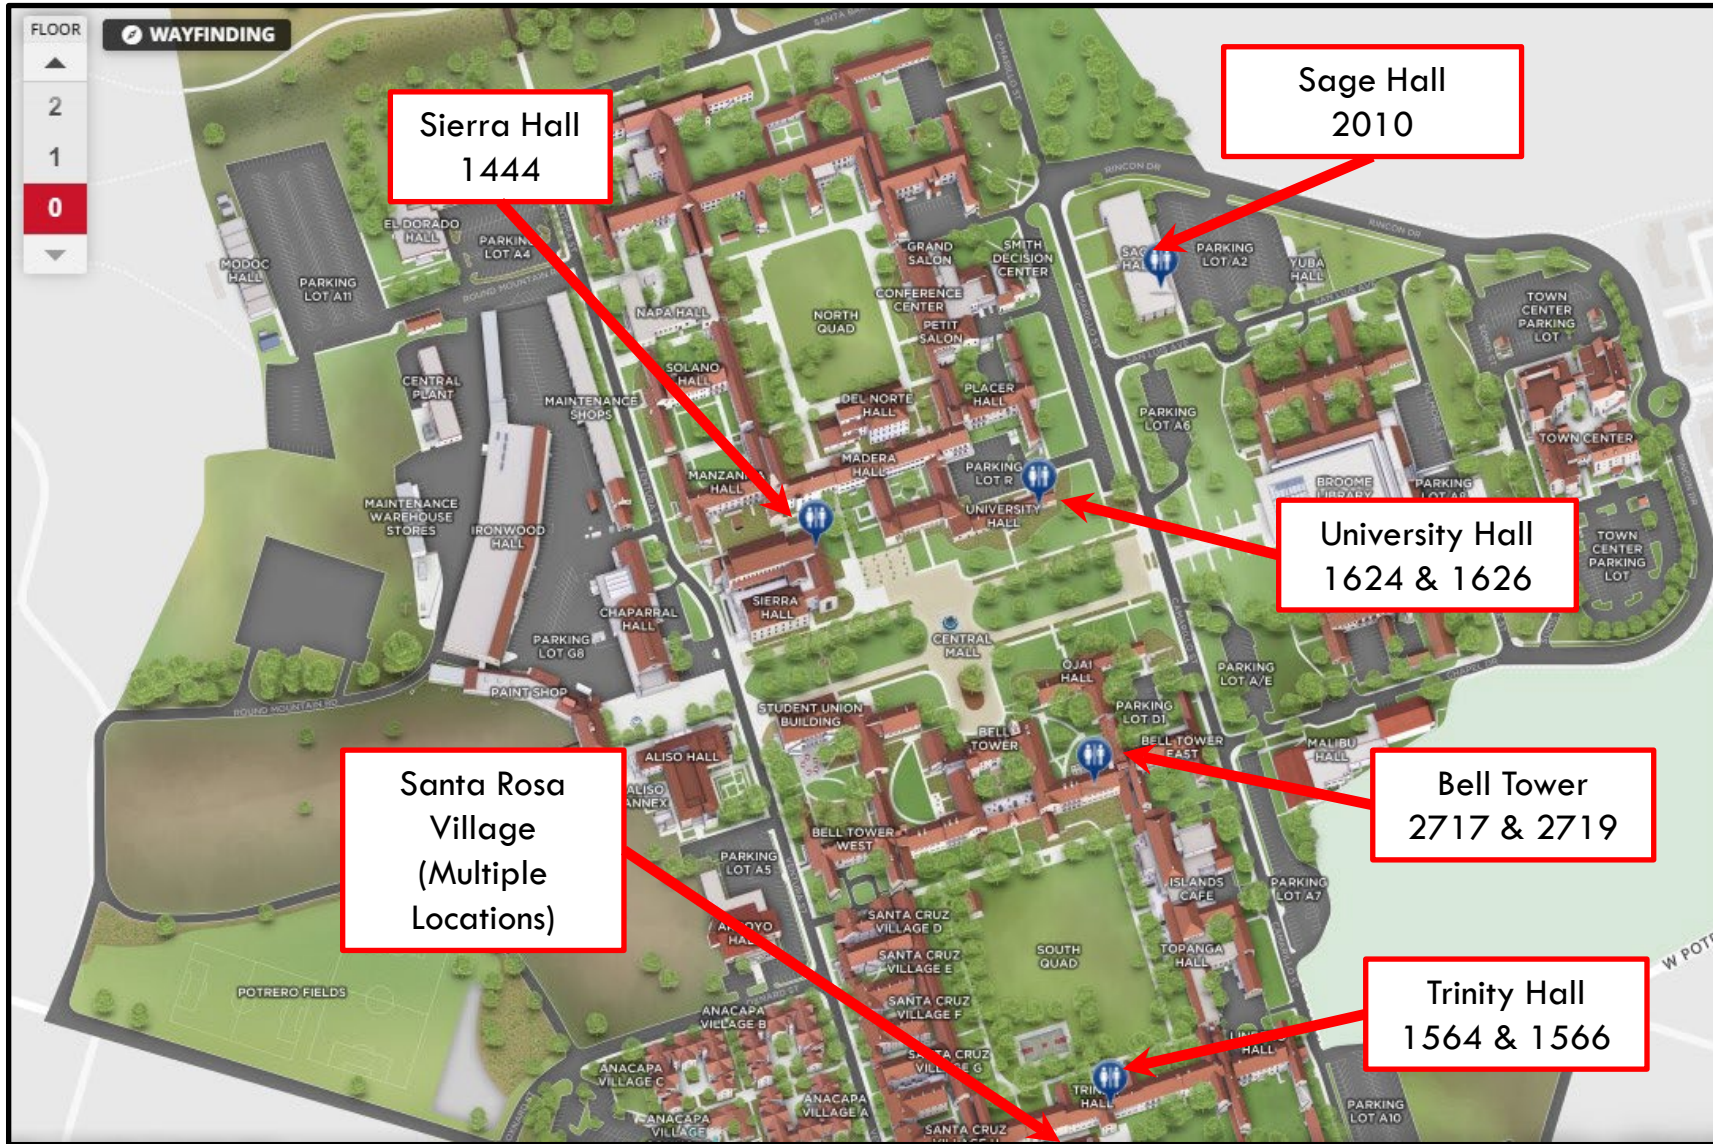

Division of the State Architect (DSA) documents referenced within this publication are available [DSA Publications](#) webpages.

PURPOSE: This bulletin is a supplement to *BU 17-01: Identification of Single-User Toilet Facilities as All-Gender* and is provided to assist facility operators and design professionals who design facilities under the jurisdiction of DSA in interpreting the requirements of Health and Safety Code (HSC) 118600.

DISCUSSION: HSC 118600 requires:

- a) All single-user toilet facilities in any business establishment, place of public accommodation, or state or local government agency shall be identified as all-gender toilet facilities by signage that complies with Title 24 of the California Code of Regulations, and designated for use by no more than one occupant at a time or for family or assisted use.
- b) During any inspection of a business or a place of public accommodation by an inspector, building official, or other local official responsible for code enforcement, the inspector or official may inspect for compliance with this section.
- c) For the purposes of this section, "single-user toilet facility" means a toilet facility with no more than one water closet and one urinal with a locking mechanism controlled by the user.
- d) This section shall become operative on March 1, 2017.
