Graduate Studies Center

# Graduate Studies Center

- Currently connects more with undergraduate students and assists in preparing them for Graduate Programs
- Signature Events: Graduate School & Professional Fair, Workshops, and collaborative Career Panels
- Historically, the GSC was a physical center with multiple staff members. GSC is currently housed within Advising and has 1 Graduate School Specialist
- Currently offers Advising, GRE preparation, and “Graduate School Bound” Modules,
- GSC also has a Canvas Course for Graduate School Preparation
- Would like for Student Government to share GSC’s services with students and assist in making CI’s Graduate Programs more visible!

## AMP includes:
