

## **Statement of Appreciation from ASI Student Government**

On behalf of ASI Student Government, we extend our deepest gratitude to the Resident Advisors (RAs) for their unwavering dedication and leadership during the recent evacuation due to the Laguna Fire.

Your commitment to ensuring the safety and well-being of our fellow Dolphins did not go unnoticed. As one of the last to leave campus, you demonstrated exceptional leadership by thoroughly checking each residence hall, ensuring every student was accounted for and safely evacuated. Your actions exemplify the spirit of service, teamwork, and responsibility that define CSU Channel Islands.

Furthermore, your immediate return and readiness to support students as soon as evacuation orders were lifted reflect your deep commitment to our campus community. Your efforts provided a sense of security and reassurance during a challenging time, and we are truly grateful for your hard work and dedication.

Thank you for your resilience, leadership, and unwavering support of the students at CSUCI. We appreciate all that you do.

**Respectfully,**

**ASI Student Government**

*Andrew Fox*
